“ Charlie was a great friend for a lot of years and was a terrific Forms Salesperson. I only wish that I had known of his passing and could have visited with him before his death.

Unfortunately, I had moved to Florida three years ago and lost track during that time. I remember attending the 50th Anniversary Party of Charlie and Dodie years ago as well as my last visit with him on the phone before I had moved. I moved back to Georgia in December of 2014, so he would not have had current phone numbers for me.

I hope Dodie is continuing to do okay. I know he had a lot of concern for her during the last time I spoke with him. He and I often went to lunch together and also traveled to Florida together years ago for fishing trips.

The last time I spoke to him he had just bought a new Cadillac and was proud to say how much he was enjoying it. I know he didn't have any close relatives, but I send my sympathy to all those that thought of him as highly as I did. He will be remembered well by a lot of people that I am sure are unable to express like sentiments, only because they wouldn't have known of his passing.
