“ *I am very sorry for your loss. We can look forward to the time when “no resident will say: ‘I am sick.’” (Isaiah 33:24) And God will actually put an end to death when he will “swallow up death forever.” (Isaiah 25:8) www.jw.org has information that's real encouraging to help you and your family during this difficult time.*

“ I was a co-worker with Terri at Anderson Regional Medical Center in Meridian. Terri worked with us as a student in the RHIT Program at MCC. She worked with us for several years after her graduation. She was an excellent coder. I remember how she loved her family and her animals. She was always there when we needed her. My deepest sympathy to the family.

“ Terri was a part of our coding team at Valley Care Northside Medical Center in Youngstown, Oh. She worked remotely from home, so we never met but we still feel the loss of a wonderful and dedicated employee. May God grant her entire family peace, strength, courage and determination. We will miss you Terri. Rest with the angels with Sean and your beautiful boy Tyler.

“ Terri you were an amazing woman who had compassion spilling out of you. I'm so happy I had the opportunity to meet you October 7, 2011 when I drove from Florida to adopt Molly, whom you were fostering. Our friendship grew with each passing day. You will be truly missed and now you are a guiding light for all of those furbabies making their way over the Rainbow Bridge. RIP sweet friend, love always... Belinda Prather

“ I remember the first time I met Terri. She had a little dog named Abby and she was so stinking cute and cubby. Terri took good care of her little dog like she did my dad and little brother. She loved animals like I did and she had a room filled of exotic elephants and zebras and tigers, these memories where some of the dry first, but definitely not the last! She was a wonderful woman and treated me like her daughter
